Improvements in Implementations of Finance Map of Turkey

As it is known, “FİNTÜRK- Finance Map of Turkey” presenting the distribution of financial data belonging to banking sector on Turkey Map has been communized as of June 6, 2008.

Certain new layers are developed in addition to the current structure, in the information presentation options of the said implementation. These are presenting the entire non performing loans and sector-specific distribution for non-cash loans, and total banking information which are within the scope of implementation belonging to a “Province”, together.

The detailed information is available in the official web-site of Banking Regulation and Supervision Agency www.bddk.org.tr
